

Set Up Email Notifications

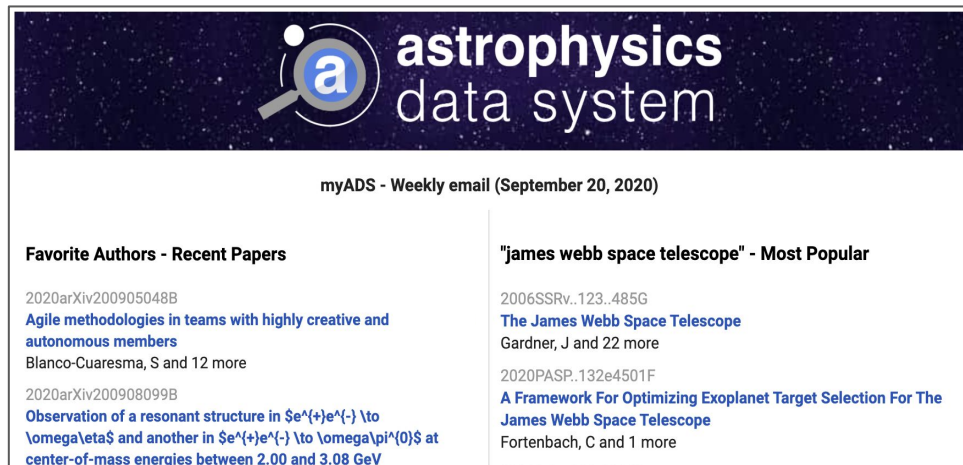

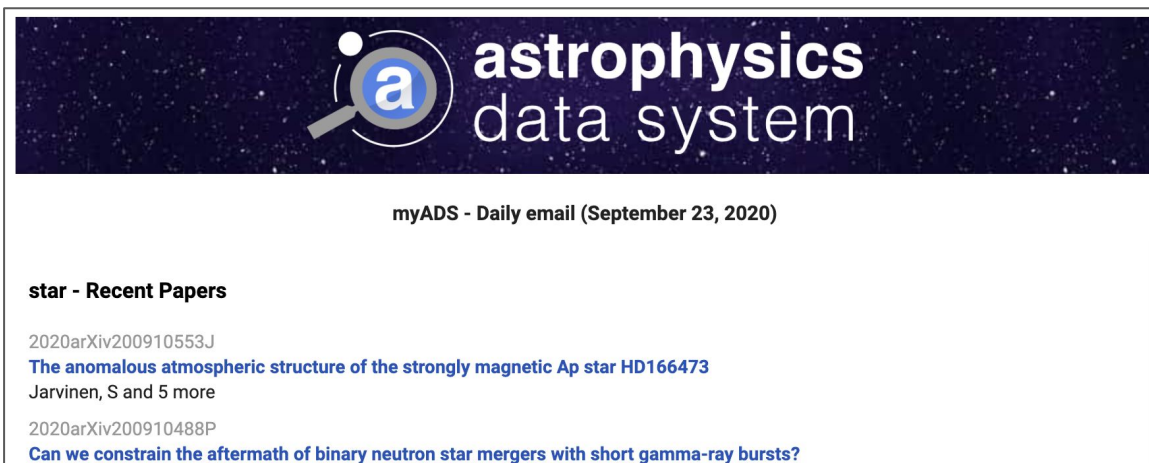

What is it?

Set up email notifications to receive daily or weekly emails that keep you updated on recent papers on topics or authors of your choosing. During the transition from ADS to SciX the email notifications are currently named myADS and have the ADS banner.

What types of notifications are available?

Weekly (Sundays)

- Citations: recent papers that cite your work
- Authors: recent papers by your favorite authors
- Keywords: recent, most popular, and most cited papers about a given set of keywords or a given query
- General: recent papers for nearly any SciX query

Daily (weekdays)

- arXiv: the latest papers posted on arXiv based on chosen arXiv categories and, optionally, specified keywords
