CfA Code of Conduct

The CfA strives to run meetings, workshops, conferences and activities where every CfA member can be fully self-expressive without fear of being made to feel uncomfortable, unwelcome, or unsafe based on age, race, gender, ethnicity, religion or ideology, religious non-affiliation, nationality or citizenship status, political affiliation, sexual orientation, gender identity, gender expression, marital status, pregnancy, disability status, education background, socioeconomic status, occupation, seniority, or physical appearance.

The CfA does not tolerate racism, discrimination, bullying, harassment, bias, or intolerance of any kind from anyone in, associated with, or visiting the Center for Astrophysics for CfA-run, sponsored or endorsed meetings, workshops, retreats, conferences and events.

Meeting Procedures

Interactions during meeting: feel free to ask questions in the chat during a presentation; to ask a voice question please raise your hand in zoom and wait to be called by the chair.

In response to last year's Users Group request, presentations have been shared in advance.

Based on intervening feedback received from the panel, the ADS team may update the presentations prior to the meeting to address your questions.

At the beginning of each session we will ask whether we should review all of the slides, some of the slides or directly address your questions.

ADSUG Membership

- **Licia Verde** (U. Barcelona), 3rd year, **chair**
- **Matthew Graham** (Caltech), 3rd year, **past chair**
- **John Wu** (STScI), 2nd year, **vice chair**
- **Alex Akins** (JPL), 2nd year
- **Stephanie Juneau** (NOIRLab), 1st year
- **Brian Mason** (USNO), 2nd year
- **Ryan McGranaghan** (JPL), 2nd year
- **Silvia Meakins** (ESO), 3rd year
- **Laura Wolz** (U. Manchester), 1st year
- **Louis Moresi** (ANU), SciX Advisory Board Chair

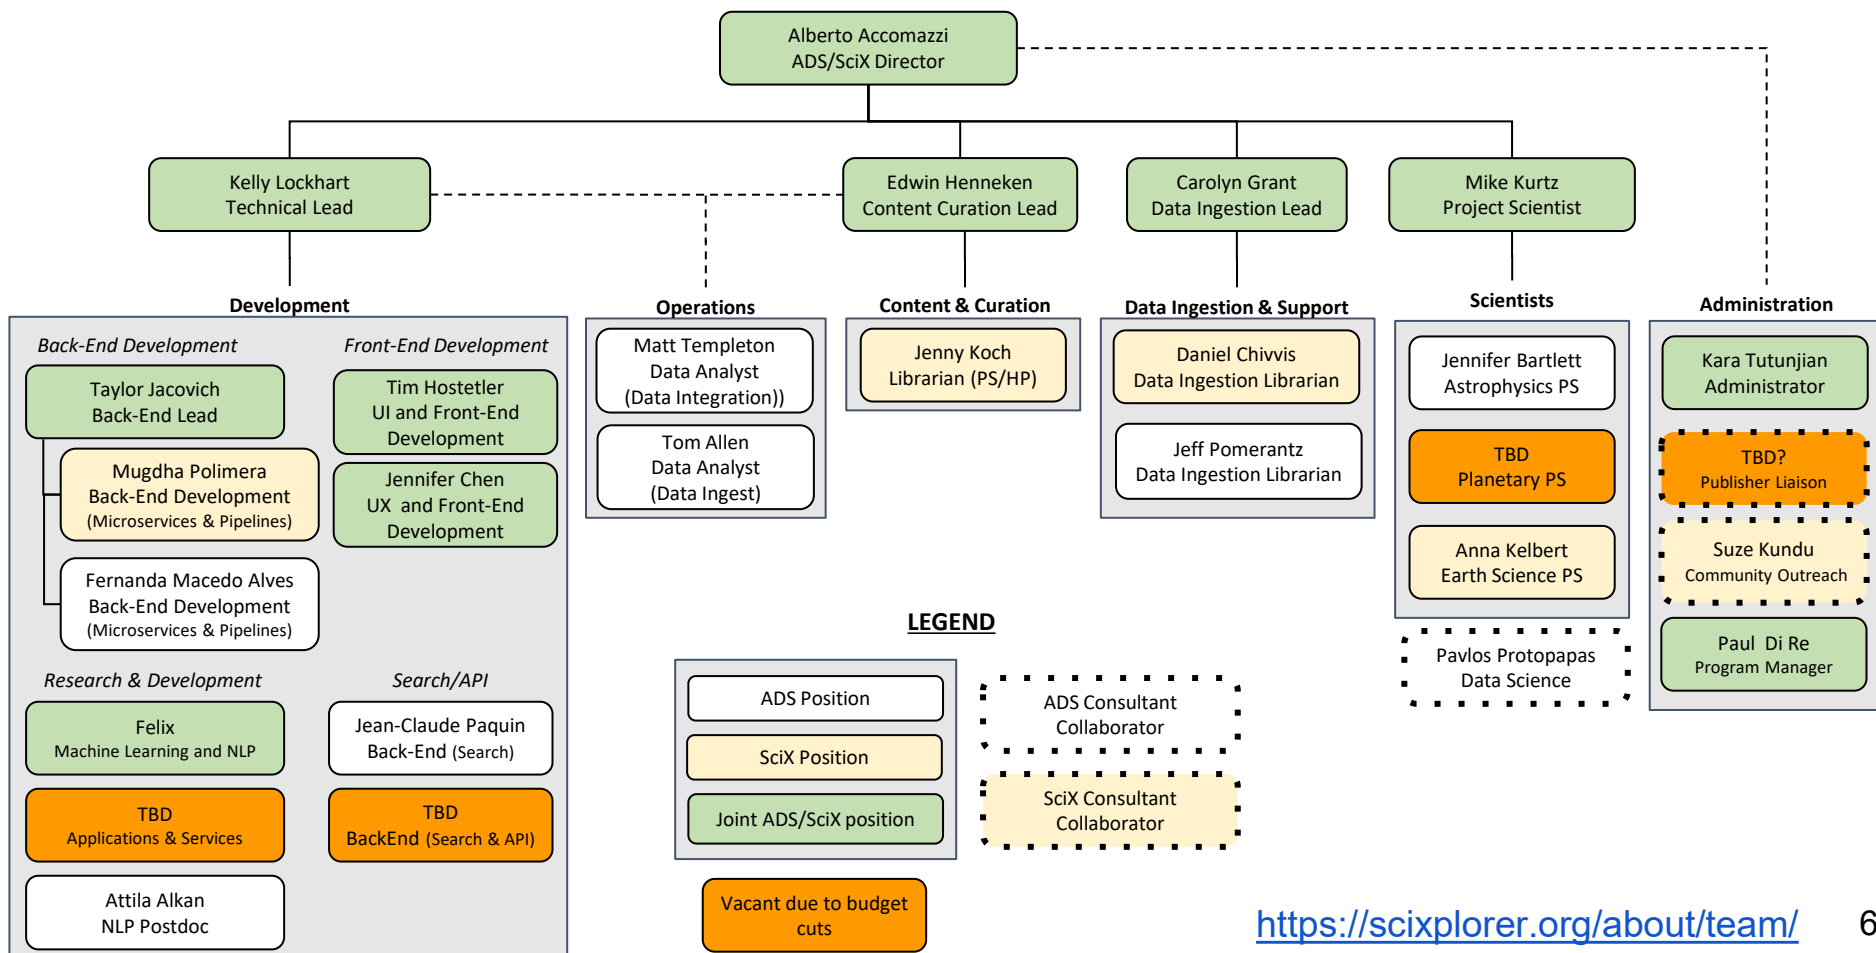

Invited Guests

- ***Linda Sparke*** (NASA HQ), NASA APD Program Executive
- ***Sanaz Vahidinia*** (NASA HQ), NASA APD Program Scientist
- ***Alessandra Aloisi*** (NASA HQ), NASA APD Science Data Officer
- ***Miles Skow*** (NASA), NASA APD Program Executive

ADS/SciX Team Members

Meeting Goals

The ADS team seeks advice and help on the following topics:

- Transition of ADS users to SciX
- Prioritization of planned work
- Community outreach and education
- Community feedback
- Funding strategies and opportunities
